

## FINANCIAL SECRETARIAT

## Prescribes the Budget Calendar for 1950-51.

ORDER No. FL. 2681-2743—G.F. 62-49-1, DATED BANGALORE;  
THE 26TH OCTOBER 1949.

The attached Calendar for regulating the Budget Work for 1950-51 is approved. The object with which an interval of about a fortnight is allowed for items Nos. 3 and 14 in the Calendar is to secure an even flow of work in the Comptroller's Office and in the Secretariat and to avoid rush of work at the last moment. **All officers handling Budget papers are requested not to take up the entire interval but to strictly adhere to the dates fixed.**

2. With effect from 1st April 1950, the Official year will be reckoned from 1st April to 31st March instead of from 1st July to 30th June as hitherto. The Revised estimates for 1949-50 will therefore be for Nine months (Namely 1st July 1949 to 31st March 1950) and will be based on actuals for 1st five months and estimate for 2nd four months. The Budget for 1950-51 will, however, be for 12 months beginning from 1st April 1950.

3. All estimates require to be framed with the greatest possible care and with particular regard to sanctions and actual requirements. Those relating to heads of receipts should aim at forecasting the realizable result as closely as possible; and those relating to expenditure heads—Revenue and Capital—should be limited to absolute minimum requirements.

4. The estimates for 1950-51 will be presented in two parts—Part I comprising the Revenues of the State and normal expenditure and Part II comprising Development Schemes. Reference is invited to O.M. No. FL. 2546-2640—G.F. 61-49-1, dated 21st October 1949, in the matter of compilation of Part II estimates. In no case should the estimates relating to Part II be included in Part I which should cover only Revenues and Normal expenditure. To facilitate compilation of Part II, an Assistant Comptroller has been placed on special duty under the Commissioner of Economic Development and Planning and the Heads of Departments may seek his assistance in the compilation of estimates. In no case whether in Part I or Part II will lumpsum provisions be considered.

5. Sanctions to establishment and other recurring charges which have not been communicated to the Audit Office on or before the 15th October 1949 need not ordinarily be taken into account in framing expenditure estimates relating thereto. In all cases where allocations have been sanctioned by Government the revised scales should be included and provision made accordingly. In other cases Revised Scales should be shown and a suitable provision deemed sufficient may be included.

6. In the Consolidated Budget Estimates, the totals of major heads should be worked to thousands of rupees and those of minor heads to even hundreds of rupees. This has to be kept in view in fixing the provision under individual heads of account.

7. The Chief Engineer for Irrigation and the Muzrai Commissioner are requested to take timely action to have the detailed estimates of the Irrigation Cess Fund and the General Muzrai Fund, respectively, sanctioned and transmitted, as indicated in Item No. 19 of the Calendar, to the Director of Printing, Stationery and Publications, for being printed and supplied to the members of the Representative Assembly and the Legislative Council along with the copies of the Provisional Budget Estimates.

8. The General Manager, Mysore State Railway, is requested to have the Authorization Rolls and the Capital Budget Estimates sent through the Comptroller, to the Finance Department, with the remarks of the Chief Auditor, for being dealt with in the same manner as the estimates of other departments.

9. The Registrar, Mysore University, is requested to get the estimates of establishment and fixed charges of the University verified by the Comptroller and approved by Government before compiling the provisional edition of the University Budget. He has to furnish details of Development Schemes such as the new colleges functioning at District Headquarters, etc., to the Commissioner of Economic Development and Planning.

10. The Director of Printing, Stationery and Publications, is requested to treat all Budget work as urgent and co-operate with the Comptroller in arranging for the issue of the different editions of the Budget on the due dates. The Director is personally responsible to see that no delay occurs at any stage in the Press and that the Budget work is given the highest priority.

11. If any of the Heads of Departments does not forward or return the Estimates in time according to the Calendar or the time allowed by the Comptroller, the Comptroller will forthwith report the matter to Government after reminding the concerned Department. It may be distinctly understood that Government will not consider any explanations for the delay like absence of the Head of the Department from Headquarters or non-receipt of particulars from subordinate offices, as valid, and Government desire to impress that it is the duty of the Head of the Department to pay special attention to Budget work and to keep up to the time limit.

M. SHAMANNA,  
Secretary to Government,  
Financial Department.
